

# Coastal Current (Transect 3)

Free-living (<0.2 µm)

Particle-associated (>2 µm)

Order

- |                   |                     |
|-------------------|---------------------|
| Alteromonadales   | Spingobacteriales   |
| Cellvibrionales   | Spingomonadales     |
| Chitinophagales   | Thiomicrospirales   |
| Flavobacteriales  | Verrucomicrobiales  |
| Lentisphaerales   | Burkholderiales     |
| Oceanospirillales | Microtrichales      |
| Other             | Nitrospirales       |
| Phycisphaerales   | OM182 clade         |
| Pirellulales      | Rhodospirillales    |
| Planctomycetales  | SAR202 clade        |
| Pseudomonadales   | SAR86 clade         |
| Rhodobacterales   | Steroidobacteriales |
| SAR11 clade       |                     |
