

# Meltwater Plume (Transect 2)

Free-living (<0.2 µm)

Particle-associated (>2 µm)

## Order

- |                   |                     |
|-------------------|---------------------|
| Alteromonadales   | Pirellulales        |
| Burkholderiales   | Planctomycetales    |
| Cellvibrionales   | Pseudomonadales     |
| Chitinophagales   | Rhodobacterales     |
| Flavobacteriales  | Rhodospirillales    |
| Lentisphaerales   | SAR11 clade         |
| Microtrichales    | SAR202 clade        |
| Nitrospirales     | SAR86 clade         |
| Oceanospirillales | Sphingobacteriales  |
| OM182 clade       | Steroidobacteriales |
| Other             | Thiomicrospirales   |
| Phycisphaerales   | Verrucomicrobiales  |
